

# MAJIN IN FIELD FOR MUNICIPAL ELECTION

Candidates for Commissionerships Gird Political Armor for Fall Campaign.

## THREE TO BE CHOSEN

Republicans May Hold Convention; Democrats and Progressives Undecided.

Believing that a political stitch in time saves nine—supporters that the other fellow might get a number of well-known Salt Lake men already have donned their fighting toes and gone gunning for the places that will be vacant on the city commission this fall—the terms of office of two commissioners and the auditor expiring at the close of the year. The commissioners, whose terms will expire, are W. H. Korns and George D. Keyser. The term of office of City Auditor W. H. Shearman also expires this fall. The commissioners who will be elected to fill the vacancy, caused by the expiration of the terms of Commissioners Korns and Keyser, will be elected for four years. The auditor will be elected for two years.

There is but little question that there will be an unusually large number of aspirants for the two commissionerships. Conservative estimates place the number at from 50 to 100. As to the auditorship, there is only one candidate in sight so far, but there will be others, unless all signs fail.

A number of candidates for the commissionerships already are being mentioned. Some are avowed candidates and others are in the "being-urged-by-their-friends" class. Here is the list, so far as obtainable:

George D. Keyser, Progressive; W. J. Tuddenham, Democrat; W. H. Shearman, Republican; A. G. Giauque, Democrat; W. H. Korns, Democrat; F. S. Pernstrom, Democrat; J. G. McElroy, Republican; Frank L. Hues, Republican; J. A. May, Republican; Joel F. Nibley, Republican; George W. Meyer, Progressive; C. C. Neslen, Democrat.

### May Have Convention.

No decision has been reached up to the present as to how the candidates for the offices shall be nominated. The Republicans appear to favor a city convention and the nominating of candidates for commissioner and auditor in the usual way. No meetings have been held, however, and no definite decision will be reached for some days.

Former County Chairman Callister said yesterday that he believed that the consensus of opinion would favor a convention while the present county chairman, W. H. Pollard, expressed some doubt upon the matter. Mr. Pollard said, however, that the advisability of holding a convention. The city chairman, John F. Bowman, was out of the city and his views could not be obtained.

So far as the Democrats are concerned, they also are undecided. National Committeeman W. R. Wallace announced himself as opposed to a convention. He takes the ground that the spirit of the commission form of government law favors a strictly business administration, without regard to politics, and upon the ground that he opposes a convention. Thomas F. Thomas, chairman of the Democratic county committee, said that he had not given the matter any thought and was not in a position to discuss it. There is no chairman of the party until one is selected, the city committee will not be in a position to announce what it proposes to do. Chairman Thomas of the county committee probably will call the city committee together at an early date and have a chairman chosen, after which the committee will doubtless take action.

It is not believed that the American party will take part in the contest, as a party organization, and the Bull Moose party also is understood to be on the fence in the matter of holding a convention.

The present line-up of candidates is interesting from several standpoints and the matter of "flooding together" is being freely commented upon. It is announced from various sources that A. G. Giauque, Democrat, and George D. Keyser, Progressive, are the choice of Commissioner Mayor Park, while W. J. Tuddenham and F. S. Pernstrom, Democrats, will be supported by Commissioner Morris. It also is understood that there is a plan on foot to urge the Democratic party to support Tuddenham and Pernstrom, as Democrats, without calling a convention, but there appears to be but little likelihood that the plan will succeed.

### Pointers on Election.

W. H. Shearman, present city auditor, is in the "being-urged-by-their-friends" class and has not decided as to whether he will go out after a commissionership, or after a commission to audit the city. If Mr. Shearman enters the candidacy for commissioner, his chief deputy, C. B. Stevens, who has been in the auditor's office for years, will be candidate for the chief place. To date, Mr. Stevens is the only man who has been mentioned in the event that Mr. Shearman is not again a candidate.

As more than a week has elapsed since the first election under the commission form of government, the following jobs to the memory of both candidates and voters may be timely:

First—Voting machines will not be used.

Second—The primary election will be held on October 21, 1913.

Third—The election at which candidates will be finally chosen, will be held on November 4, 1913.

Fourth—Candidates must file their announcements with the city recorder at least ten days before the primary election. This announcement must be accompanied by a petition signed by 100 qualified electors, requesting the candidacy of the person whose petition is signed.

Sixth—No party emblems or designations will be permitted on the ballots.

Seventh—After the ballots are printed the city recorder will have twice as many delivered at each polling place as there were votes cast for mayor at the same place in the preceding municipal election.

Eighth—For three days preceding the primary election, the list of candidates will appear alphabetically arranged, in all of the daily papers of the city.

Ninth—After the primary election the names of the four who receive the highest vote for commissioner and the two

GEORGE ZUCKER, 8-year-old boy, who was yesterday shot by a shooting gallery proprietor, while standing near Tribune-Telegram pressroom.

## SHOOTS BOY IN LEG; IS HELD BY POLICE

Newsboys Say Shooting Was Deliberate; Wound Not Serious.

George Zucker, 8 years of age, son of Morris Zucker, a ladies' tailor, was shot through the left leg below the knee yesterday afternoon by Fred Smith, proprietor of a shooting gallery in Commercial street. Smith insists that the shooting was accidental. He was placed under arrest and is confined in the city jail.

The shooting gallery is next door to the Tribune pressroom. Young Zucker, who is nervous, was waiting in front until the papers were off the press. He was with several other newsboys who say that Smith deliberately fired at them.

"We were waiting for the papers," said William Kaufman, who lives at 342 South Second East street, "when the man came out in front and pointed the gun at us and fired. I think he wanted to get us away from in front of the shooting gallery. He is always trying to scare us with the guns."

Perry Miller and Samuel Brackner, newsboys, who saw the shooting, tell much the same story as the Kaufman boy.

The injured lad was taken to the emergency hospital at the police station, where he was attended by Dr. H. B. Sprague. He was then taken to his home at 37 Floral avenue. The wound was in the fleshy part of the lower limb and was not serious. The bullet did not go clear through and will have to be probed for.

## KORNS PREDICTS WATER SHORTAGE

Mountain Snows Have Melted and Flow From Creeks Unusually Low, Says Commissioner.

Despite the unusual amount of rainfall this summer, Salt Lake may be confronted with a serious water shortage before the summer is over, according to Commissioner Korns, who spent Sunday investigating the condition of streams from which the city supply comes.

The water coming from the lakes at the head of Big Cottonwood canyon is much less than it was a year ago, Mr. Korns said yesterday. Furthermore, all the snow in the mountains above the lakes is gone, practically, and consequently the flow will become a great deal less from now on, he believes.

Chaplain John T. Axton, a former well-known resident of this city, arrived here yesterday and will immediately assume the duties of chaplain of the Twentieth Infantry at Fort Douglas. Chaplain Axton came here from Fort McKenzie, Wyo., where he had been on a visit since returning from the maneuvers camp at Galveston, Texas.

## CHAPLAIN AXTON BACK IN SALT LAKE

Chaplain John T. Axton, a former well-known resident of this city, arrived here yesterday and will immediately assume the duties of chaplain of the Twentieth Infantry at Fort Douglas. Chaplain Axton came here from Fort McKenzie, Wyo., where he had been on a visit since returning from the maneuvers camp at Galveston, Texas.

## GOULD CHIEFS DUE HERE THIS MORNING

President B. F. Bush of the Gould railway system and party will arrive in Salt Lake City this morning over the Oregon Short Line. They left the West Coast yesterday afternoon and went north in automobiles, making connections with the Harriman line. The private cars of President Bush, Vice President E. L. Brown and Vice President J. M. Johnson, which were sent on to this city, arrived early yesterday morning and will be parked here until needed.

## Japanese Report Robbery

M. Otori and H. Nakamura, Japanese, living at 168 East South Temple street, reported to the police last night that they had been robbed of \$130 while asleep. Nakamura is the man who was shot several months ago following an argument in a Japanese pool room in the western part of the city.

who receive the highest vote for auditor will comprise the ticket to be finally voted upon. Voters will vote for two commissioners and one auditor.

# CLUB INDEBTEDNESS TOLD OF IN BOOKLET

New Publication Devoted to Condition of Commercial Body.

## PLAN IS RECOMMENDED

Old System of Bookkeeping Should Be Eliminated, It Declares.

"Commercial Ties," the first issue of a monthly circular to be sent out by the Salt Lake Commercial club, is being mailed to the members this week. It is subtitled "Salt Lake's Civic Tow Strains," and the current issue is devoted to a concise statement of the club's financial conditions and the reasons for the voluntary assessment now being made upon the membership.

The circular sets forth answers to the many questions which have come up regarding the operation and present conditions of the club. It goes further than this and suggests remedies. It tells briefly what the club's problems are today and how the directors of the organization believe they can be solved. It tells how the board of governors hopes to wipe the indebtedness off the slate through the voluntary assessment plan. And it tells why this plan of raising the money was selected.

### Debt a Drag.

In discussing the clearing up of the indebtedness the folder reads in part: "We are under the handicap of debt that is a drag to our feet. If only a thousand members respond on the voluntary assessment plan, each paying in proportion to his power to pay, we will realize during the year \$40,000.00.

"We were waiting for the papers," said William Kaufman, who lives at 342 South Second East street, "when the man came out in front and pointed the gun at us and fired. I think he wanted to get us away from in front of the shooting gallery. He is always trying to scare us with the guns."

Perry Miller and Samuel Brackner, newsboys, who saw the shooting, tell much the same story as the Kaufman boy.
